

Design a Tobacco Cessation Poster!

Design the tobacco cessation poster you would want to see in your practice, hospital, or office!

Sketch, describe, or otherwise share your idea for a tobacco cessation poster in the space below.

What would it say? What images or graphics would it have? Would it educate patients or providers?

If we love your idea, we will use it to create a poster that we will offer as part of our Tobacco Cessation Resources Box and feature you on our website and social media!
